

November 2009

INGREDIENTS | PROCESSING | SAFETY | PACKAGING | EXPORT

Food magazine

INFORMING FOOD AND BEVERAGE MANUFACTURERS

WWW.FOODMAG.COM.AU

Food magazine provides regular coverage on the five primary areas of ingredients, packaging, export, processing and safety. For details on where to send new product information and deadlines for submitting material and making bookings, see below.

Focus on New Zealand

This month we have a special focus on our friends across the Tasman. Food and beverage companies from New Zealand and their suppliers will be featured and are welcome to submit editorial.

Dairy Feature

The cream of the crop in dairy producers will be featured with the latest developments and case studies to keep you informed.

Food Safety

Food safety not only in production but in the entire supply chain is paramount in this day and age. The November Food Magazine will feature the latest technology and trends in this area.

Product Showcase

Our product showcase will showcase the latest in health and safety equipment. All editorials should be no more than 200 words and accompanied by a 300dpi high resolution jpg image. If you would like to submit editorial and images for new products or you have a story idea for the above features please contact Desi Corbett, the editor, at food@reedbusiness.com.au.

Food Challenge Awards

The 7th Annual Food Challenge Awards programme will officially be launched this month with an introduction to the 12 categories and their innovative sponsors. If your new product launch is between June 2009 and June 2010 please contact the editor to find out how you can nominate for the 2010 awards.
